BLANCHARD BOYS

BOTH RECOVERING FROM SERIOUS INJURIES RECEIVED FROM SPEEDING AUTOIST

Clarence Blanchard of 803 East Windsor Road, who was very seriously injured Thursday afternoon by a speeding autoist on South Brand as he and his younger brother Henry were repairing their motorcycle, is holding his own and Dr. Boyer says his condition is more favorable, he having regained consciousness. He suffered a concussion of the brain and serious internal injuries, the worst one being to the kidneys. His brother Henry, who was struck in the abdomen when Clarence's body was hurled against him, was not so badly hurt and is getting along all right. Both boys were taken home at once and are still there.

The autoist who struck them down has not been apprehended and there is not the slightest clue to his identity. The Corbaleys, in front of whose home at 927 South Brand the accident occurred, said they heard the noise of the speeding auto far up the street, and saw it strike the two boys, who were bent over, fixing their motorcycle, which was hurled against Frank and he against his brother. The driver of the auto merely slowed up and exclaimed: "I'm sorry, but it was your fault," then sped on, and no one got his number.

Funeral of Mrs. Shiffler

Funeral services for Mrs. Madge Shiffler, mother of Mrs. D. Lamont Greene of North Orange street, were held at the Church of the Flowers, Forest Lawn, on September 1st. Mrs. Shiffler was the daughter of the late Robert and Sarah Jane Cooke Hawley of Williamsport, Pa., and a direct descendant of Colonel William Cooke of the Revolutionary War. She was an active worker in the local Red Cross, a member of the San Fernando Branch of the Daughters of the American Revolution and a life-long member of the Episcopal Church. She leaves three children, Mrs. D. L. Greene, Mrs. Robert Field of Philadelphia, and George E. Shiffler of West Virginia. The remains will be buried in the family plot at Muncey, Pennsylvania.

Recent Real Estate Sales

D. Baron, florist in the Alexandria Hotel, has bought the Hall property at 213 South Everett, a large house on deep lot, preferring to live in Glendale. He also bought the lot adjoining and will at once build a bungalow on it. The grounds at both places will be beautified with trees, shrubs and flowers.

Francis M. McDonnell and wife, recent arrivals from New York, have bought the 4-room Colonial bungalow at 230 Dayton Court belonging to St. Lucca Ferrioli.

Mrs. Fisher's residence property at 349 West Elk avenue has been purchased by A. E. Ireland of the Dodge Service Station.

The beautiful 6-room home of Miss Dottie Jones at 1024 San Rafael avenue has been sold, furnished, to a Mr. Kirkpatrick and family, newly arrived from Boston, Mass.

Harvey M. Gill and family, from Detroit, Mich., are now owners of the 6-room home at 1023 Virginia Place. The former owner was J. Adolph Zeiser.

All the above sales were made by A. J. Lucas.

CRYSTAL WASHERS

DEMONSTRATIONS BY MRS. BONDY DRAW HOUSEWIVES TO JEWEL ELECTRIC

That Evening News ads attract attention has been proven by the visits of many housewives to the Jewel Electric Company on Thursday and Friday and a greater number is expected this afternoon. Mrs. Virginia Bondy thoroughly understands the Crystal and her demonstrations are so clear and satisfactory that they have been the means of many sales of Crystals. She explained that the Crystal is the only washing machine allowed to wash paper money for the government, and she is the only one except a government employee who is authorized to handle this money. In a recent demonstration she washed \$900 worth of old bills. Mr. Wittmeyer, proprietor of the Jewel, is greatly pleased with the demonstrations and their results and Mrs. Bondy's pleasing personality has had much to do with the fine impression made on the housewives of Glendale by the Crystal.

New Resident

J. E. Peters, who recently returned from a several weeks' visit in Indiana and Illinois, says that a brother-in-law, who is a stereoptyper on the Evansville, Ind., Courier, recently wired one of the Los Angeles dailies asking for a similar position. The reply came back at once for him to come as soon as he could. He will move out soon and may live in Glendale. Mr. Peters' brother, Rev. Harry H., a prominent Illinois minister, will come in January with his family to spend a few months.

Missionary Session

Rev. C. A. Cole and about 25 members of his congregation in addition to the choir attended the yearly meeting of the Southern California Christian Missionary Society last night at the Bible Institute. The choir gave the musical on this occasion and won high praise for the performance. Rev. Cole has charge of one of the sessions today. The meeting closes tomorrow night. Dedication services for the new "School of Christianity" will be held tomorrow afternoon. Work on the buildings commences October 1st.

Camping Trip

A jolly party started on a camping trip Friday noon. Members of the party were Herman Paine, Will Truitt, John Southerd, DeLos Smith, A. W. Beach and their wives. The party drove to San Bernardino and from there to Swartout Canyon in the Baldy Range up in the big pines where Mr. Paine has a saw-mill. The camping location is ideal, high up among the pines with an ice-cold spring to furnish the water supply and cool breezes blowing off the snowy mountains. The party expects to camp there three days.

SUBMARINE SPECIAL

LIEUT. J. PARK McDougall WRITES OF LIFE UNDER THE OCEAN BLUE

Lt. J. Park MacDougall, brother of Mrs. J. R. Lockwood of 827 South Glendale avenue, recently wrote an interesting letter to his California relatives describing life under the seas and parts of it are here reproduced:

On Board Submarine "S" 30, Off San Pedro.

Dear Folks:

I thought you might be interested in receiving a letter written under the ocean. I am a member of a "Board of Survey and Inspection" of a new submarine built for the U. S., running preliminary tests. At present we are on the bottom or nearly so at eighty-seven feet and it is very quiet; no outside noise at all. When down at any depth everyone is required to keep quiet and remain in one place so that any required order can be heard and complied with promptly. Many very complicated tests are necessary before these boats can be accepted. They must submerge slowly, quickly, to 200 feet, then to 30, 40, 60 feet, and run for certain times at those depths. Then they must do stunts of turning, on the surface and submerged, fire torpedoes both on the surface and submerged. This boat is 220 feet long and draws when on the surface about 15 feet of water. When necessary it can submerge in two minutes. It has two Diesel engines of 600 horsepower each and two electric motors of about 750 horse-power each. These will drive it about 15 knots on the surface and 13 knots submerged. It has over one hundred storage batteries six feet tall and each weighing about one and one-third tons (2600 lbs.). There are 4 torpedo tubes and room for ten torpedoes on board. It will require a crew of between 75 and 100 to operate.

Nearly everything on board is done by compressed air or electricity. Meals are all cooked on a large electric stove. After being submerged for some hours the air gets pretty bad and fresh air is very welcome at the end of the trials. Yesterday we were down nearly all day, from 7:30 a. m. to 6 p. m., and today we are down and have been since 8:30 a. m., coming up every once in a while for a periscope peep and then down again for hours. At noon and five o'clock p. m. the steward (cook) announces meals and just as anywhere else all sit down and eat. There have been no casualties or accidents so far.

New Resident

First E. Peters, who recently returned from a several weeks' visit in Indiana and Illinois, says that a brother-in-law, who is a stereoptyper on the Evansville, Ind., Courier, recently wired one of the Los Angeles dailies asking for a similar position. The reply came back at once for him to come as soon as he could. He will move out soon and may live in Glendale. Mr. Peters' brother, Rev. Harry H., a prominent Illinois minister, will come in January with his family to spend a few months.

Missionary Session

Rev. C. A. Cole and about 25 members of his congregation in addition to the choir attended the yearly meeting of the Southern California Christian Missionary Society last night at the Bible Institute. The choir gave the musical on this occasion and won high praise for the performance. Rev. Cole has charge of one of the sessions today. The meeting closes tomorrow night. Dedication services for the new "School of Christianity" will be held tomorrow afternoon. Work on the buildings commences October 1st.

Camping Trip

A jolly party started on a camping trip Friday noon. Members of the party were Herman Paine, Will Truitt, John Southerd, DeLos Smith, A. W. Beach and their wives. The party drove to San Bernardino and from there to Swartout Canyon in the Baldy Range up in the big pines where Mr. Paine has a saw-mill. The camping location is ideal, high up among the pines with an ice-cold spring to furnish the water supply and cool breezes blowing off the snowy mountains. BABE RUTH MAKES 45TH HOME RUN

IN THIRD INNING OF DOUBLE HEADER GAME HE TIES RECORD MADE BY WERDEN IN 1895

(Special Service to Glendale Evening News)

BOSTON, Sept. 4.—Babe Ruth made his 45th home run of the season in the third inning of the first game of a double-header between the Yanks and White Sox today. Ruth's feat tied the home run record of Peter Werden, of Minneapolis, in 1895.

JAP INVASION IN SUGAR BEET INDUSTRY

COMMISSIONERS INVESTIGATING CONDITIONS IN THE SOUTHWEST ISSUE WARNING

(Special Service to Glendale Evening News)

WASHINGTON, Sept. 4.—A warning against an "invasion of Japanese into the sugar beet industry of California and other southwestern states" was contained in a report submitted to Secretary of Labor Wilson today by two commissioners who have been investigating conditions in the southwest.

Commissioners Grant Hamilton and A. G. Faulkner reported that "Japanese are invading the sugar beet industry not only as laborers, but as proprietors. They are buying sugar and cotton land. While the invasion has not yet assumed large proportions it probably will do so, especially if other labor is not available."

The investigators visited ten states after complaints were made to Secretary Wilson against allowing temporary importations of labor from Mexico.

MEXICAN PRESIDENTIAL ELECTION

(Special Service to Glendale Evening News)

MEXICO CITY, Sept. 4.—Plans for tomorrow's presidential election have been completed. Alvaro Obregon will contest with Robles Dominguez, who is sponsored by the National Republican party and has strong Catholic support.

Sunday Church Services

(Crowded from Usual Position)

FIRST METHODIST

Corner Wilson and Kenwood. Rev. Clyde Monroe Crist, D. D., Pastor. Sunday School (graded) at 9:30. Prof. A. W. Tower, Superintendent. It is a finely organized, aggressive and efficient school. All are welcome. Preaching at 11 o'clock and 7:45 by the Pastor. Morning Sermon (post-vacation) "The Mountains—How They Speak to Us of God." Class Meeting at 12:15. Rev. C. R. Norton, Leader. Epworth League and Intermediate League at 6:45. Brotherhood Round Table at 7. (This is visiting day for the men of First Church. Sermons will be heard at the 7 o'clock meeting.) Sermon subject for the evening, "Changing a Name." The acousticon is installed for those needing it. Ask the usher about it. This is a "Church that Seems Like Home." The following is the musical program for the day: Morning—Prelude, "Toccata" (Dubois); Anthem, "Lo, It Is I" (Shelly-Faure); Solo, "The Publican" (Van de Water). M. S. Kuehny; Postlude, "Allegro" (Truette). Evening—Prelude, "Andantino" (Franck); Gospel Anthem, "I'm a Pilgrim"; Trio, "Over the Stars There is Rest," Miss Isgrig, Mrs. MacGregor, Mr. Clarke; Solo, "Now the Day is Over" (Shelly), Miss Isgrig.

GLENDALE MISSION

First Lutheran

"The Sign of the Cross" will be the subject for the special address by Rev. H. C. Funk, N. D., at the Glendale Mission, corner East Harvard and Maryland, at 11 o'clock Sunday morning. The pastor will preach at the morning worship service. There will be no night service, as most of the members will attend the closing session of the annual state meeting at the Bible Institute.

ST. MARK'S EPISCOPAL

Corner Louise and Harvard Street, 9:45 a. m., Sunday School. 11 a. m., Holy Communion and sermon by the Rev. Dr. Cornell. The choir, under direction of Capt. D. Ripley Jackson, will render special music and the new Estey organ installed during the vacation will be heard for the first time.

FIRST BAPTIST

Ernest E. Ford, Pastor. Sunday School at 9:30. Roy L. Kent, Superintendent. Public Worship at 11 o'clock. Sermon theme, "The Foundation." This is the first of a series on "Some of the Fundamentals, or God's Building." Young People's Meeting at 6:45. Topic, "What Christ Does for the Christian." Praise and Preaching Service at 7:45. Sermon theme, "Pleasing God." At the close of the morning service, "The Lord's Supper" will be observed, and the Hand of Fellowship given to new members. At the close of the evening service the beautiful symbol of death and resurrection will be symbolized by baptism. Prayer meeting on Wednesday evening at 7:45. Lesson for study, "The Transfiguration of Jesus." On Thursday evening the Women's Union will

CONGREGATIONAL

Corner Wilson and Central. Sunday School at 9:45. Morning service at 11. Rev. Clark Shephard, formerly of Mt. Hollywood Church, but now a professor in Pomona College, will preach. Strangers welcome. No evening service.

CHRISTIAN AND MISSIONARY ALLIANCE

Meetings every Tuesday and Thursday, 7:30 p. m. Gospel Tabernacle, 310 E. Chestnut street, corner of Louise. Full Gospel—Jesus Christ—Saviour, Sanctifier, Healer and Coming King.

NEW THOUGHT CENTER

Masonic Temple, Sunday September 5. Lecture by Dr. Frank Riley at 11 o'clock. Subject, "Treatment." Sunday School at 9:45.

HOLY FAMILY RECTORY

Lomita Avenue, Glendale. Sunday Mass at 8 and 10:30. Sunday School at a. m.

Advertisements

O'DELL WRITES

IMPORTANTS OLD FRIEND TO COME TO LAND OF SUNSHINE

J. C. O'Dell, of Missouri, who, accompanied by his wife, is here to spend the winter with a daughter, Mrs. Booth, is getting more enthused over Glendale every day. He says that ever since his visit here 10 years ago he has resolved to come out here to live and has been working on an old friend, Dr. T. W. Cotton, trying to persuade him to come also. Dr. Cotton is a widely known physician and a high up Mason, having been Grand Master of the state. So he has written Dr. Cotton, his old friend, a letter, of which he gave the Evening News a copy. It appears below. The Dr. O'Dell referred to is a son of the writer. The letter follows:

"Dr. T. W. Cotton,

"Van Buren, Mo.

"Dear Dr. —

"I shall expect you and Dr. O'Dell out on a visit soon. There have been wonderful developments here in the last ten years. I hardly knew the place. Many people seem to be crazy about California and I am afraid to stay here. I may go that road, too, since 'like begets like,' so you two come and look after me and your interest in California."

Poles All Removed

The old 50-foot poles that formerly carried the high tension wires for the Southern California Edison Company along North Pacific, Arden and Central avenues have at last been all removed and the new 70-foot poles now carry all the wires. Many passers-by stopped to watch the taking down of the old ones by a most expeditious process. With the standing pole guyed to what is called a "gin pole," extending upward about 25 feet from a strong frame carried on 4 wheels, a heavy chain was looped around it, a jack screw with a long handle set under the chain, then with regular strokes of the handle the jack raised the pole steadily out of the ground, when it was quickly eased down. Most of these old poles were badly rotted where they had stood in the ground so long and would have soon been a menace to passersby.

ADVENTIST CAMP

THOUSANDS FLOCKING TO MEETINGS ON VERNON AVE., LOS ANGELES—ELECT OFFICERS

The Seventh-day Adventist Convention being held in the large pavilion located at South Vermont avenue and Eighty-fourth street has reached the zenith of its exercises. Thousands are flocking daily to listen to the business sessions and preaching services of the meeting.

For the next biennial term, the following officers were unanimously elected by the large delegation:

Pastor W. M. Adams of Los Angeles was elected president to succeed President M. M. Hare, whom it is reported retires to take up work along other lines in the denomination.

President Adams has had a long experience in various lines of denominational endeavor, having resided for several years in this city conducting evangelistic efforts.

W. L. Mecum was re-elected secretary and treasurer.

Executive Committee—W. M. Adams, G. W. Reaser, C. S. Prout, W. D. Salisbury, A. E. Parker, L. A. Reynolds and W. L. Mecum.

Home Missionary Secretary—V. H. Lucas.

Young People's Missionary Volunteer Secretary—A. E. Lickley.

Field Missionary Secretary—L. A. Reynolds.

Educational Superintendent—H. G. Lucas.

Sabbath School Secretary—Mrs. Cleora Webster.

Medical Secretary—Matilda Voss.

Religious Liberty Secretary—G. A. Snyder.

Tract Society Secretary—Dean Lower.

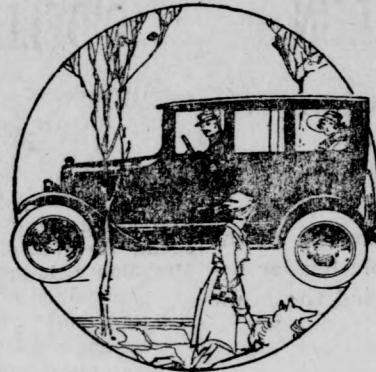

Business Agent—G. W. Reaser.

Remarkable progress is noted in the work of all departments during the last year, and the delegates return to their home churches with

Stop Buying So Much Gas!

The Overland Sedan

*Costs by the Month, Saves by the Mile!
Eats Up Distance, Saves Dollars!*

On a railroad, it is the trip and not the ticket that completes the transaction; and it is so with an automobile. No institution can build up goodwill on good-byes.

The Willys-Overland Organization is just as interested in Overland owners after they have bought as before they are sold.

Saving you money on up-keep is just as important as saving you money on the price of the car. And when gasoline began to go up four years ago, word went out to our designers that Overland owners must be protected, and the price of gasoline must be brought down—but not at the price of comfort!—get that, for that was the crux of the problem.

Hypothetically, it was impossible, and yet—
Under stimulus of a great public need, and spurred on by the pride of a great reputation, the designers of the Overland have Done the Thing that Couldn't be Done!—

Political lightning does not seem to paralyze some candidates' tongues.

OLD PARTIES HAVE "ORGANIZED APPETITES"

The saddest aspect of present-day American politics is the realization that both of the large parties have degenerated into organized appetites. The wind of expediency, not the rudder of principle, guides their course. Both have one common goal; the harbor of Power, Pap and Patronage. Both have the same end; to get in and stay in.

Extracting the flamboyant flapdoodle and rhetorical self-adulation, their wordy, all-inclusive platforms are practically alike, the only difference being that one party for political purposes and not from conviction viscerously upholds certain performances and policies of the chief executive while the other party with equal sincerity condemns them.

Take your choice, ladies and gentlemen. Pick your shell with the firm assurance that you won't find the pea of well-defined party principles beneath it, for the very good reason that no such animal exists.

Our political life at present is a barren desert because, as a whole, America is too sleek, too well-fed, too materially prosperous. The pot-belly of war profits is making it hard for us even to think of toiling up the steep trail of political progress. Democrats and Republicans and Non-Partisan Leaguers, we prefer to rest in the hammock of self-interest at the base of the hill, full-fed, somnolent, apathetically and pathetically slothful, relying upon Mr. Palmer's Patent Anti-Red mosquito netting to protect us from the gigantic forces whose grip is tightening upon the martyred peoples of Europe and Asia.

Even the Prohibitionists' pin-pointed flame of bigoted enthusiasm and earnest zeal is a welcome beacon light of idealistic thought in the murky national atmosphere of beefsteak-and-onions.—Sunset.

KEEP BATTERY CLEAN

CONSCIENTIOUS BATTERY CARE INCLUDES ATTENTION TO EXTERIOR

"The man who keeps his battery up to the mark by recharging and putting in water when needed deserves considerable credit," says E. W. Cizek, Willard Service Station Dealer, "but he hasn't gone the limit by any means."

"Conscientious battery care ought also to include attention to the outside of the battery—the case terminals, connectors, and so on."

"When too much water is put in, the solution is sure to splash out a little at a time, and will eat the wood of the battery case. Never put in any more water than is necessary to bring the level of the electrolyte to three-eighths of an inch above the top of the insulators. If any solution is accidentally spilled on the battery box, it should be removed with a piece of waste soaked in strong ammonia."

"Terminals should always be kept clean and tight. For protection against solution they should be coated with vaseline."

AUTO DEMAND CONTINUES

According to George Clayton of the Dodge agency there is a decided increase in the demand for autos of all makes in spite of the fact that manufacturers have greatly enlarged their facilities for making cars. Mr. Clayton states that he has reservations for a year in advance and that there has not been a time in the past three years that there has been a new Dodge on his floors for sale. A. B. Lawrence of the Overland agency, Max Green of the Oakland, and other dealers confirm the statements of Mr. Clayton as to the demand for cars.

The used car market is looking up somewhat, having been in the dumps owing to financing and while there is a continued slowness in the market private financing has eased conditions quite a little.

If lightning rod agents are still doing business, they are not so noisy about it.

Scandal and political schemes keep on brewing in spite of the Eighteenth amendment.

What has become of the old-fashioned man who got his reputation on being poor but honest?

BOLSHEVISM LACKS COURAGE

The public hears considerable these days about the ideals of the Russian bolsheviks, how the Muscovites have a great principle of government for which they are willing to sacrifice themselves in order to impress it upon the "capitalistic nations."

The defeat of the Russian hordes by a smaller number of heroic Poles, fighting for their national existence, provides no encouragement for the belief that bolshevism represents even the lowest type of national principle. Men who believe in the righteousness of their cause do not run like frightened rabbits.

It must be plain, even to the preachers of sovietism in the United States, that bolshevism, deprived of its incentive to loot and take without compensation the property of others, is the most cowardly and contemptible thing on earth.

Some of the most thrilling stories in world history tell of a few brave men, fired by the love of country or fidelity to a great cause, who withstood forces which greatly outnumbered them—men who would rather die than give up the defense of a principle.

The Russians have been deceived into acceptance of a political creed that has nothing in it of the morality that is necessary for the success of any cause. Lenin and Trotzky have been trying to capitalize the ignorance and cupidity of their followers. The attempt gives promise of dying of its own poison.

Hunting-Fishing License

The Automobile Club of Southern California is now co-operating with the State Fish and Game Commission in the distribution of shooting and fishing licenses throughout Southern California, in order to accommodate its members and the general public. The plan, which is already in operation, is to have the licenses at each of the 21 offices of the club, where they can be purchased by hunters and fishers, without the trouble of looking up other places where licenses are on sale.

The Automobile Club, of course, makes no charge whatever for its services, donating the ten per cent allowance the Fish and Game Commission pays in such cases as its contribution to the fund for Fish and Game conservation. Offices where the licenses will be ready for hunters and anglers are: El Centro, Imperial county; Bakersfield, Kern county; Riverside, Riverside county; Los Angeles, Los Angeles county;

San Bernardino, San Bernardino county; San Diego, San Diego county; San Luis Obispo, San Luis Obispo county; Santa Ana and Fullerton, Orange county; Santa Barbara and Santa Maria, Santa Barbara county; Ventura, Ventura county; Visalia, Tulare county, and the auxiliary offices in Los Angeles county of Hollywood, Long Beach, San Pedro, Whittier, Pomona, Pasadena, Santa Monica, and Glendale.

As quickly as possible, definite information as to the best shooting and fishing grounds will be gathered and placed on file at each office, giving the data concerning each county, so that all sportsmen can get accurate and up-to-date directions as to where to go and how to reach these places. Thousands of the Club's 43,500 members are enthusiastic anglers and shooters, and it is felt this service will be appreciated by them, as well as by resident sportsmen who are non-members, and by the host of visitors and tourists who engage in these sports while in the state.

Fishing licenses are \$1.00 for res-

idents, and \$3.00 for non-residents or aliens, and good from January 1st to December 31st of each year. Hunting licenses are \$1.00 for residents, \$10.00 for non-residents, with a charge of \$10.00 for certain aliens with first papers, and \$25.00 for other aliens. Persons applying for licenses at all of these offices will be given full information as to all restrictions applicable to various districts, together with a copy of the Official Bulletin issued by the Fish and Game Commission.

Prayed for Rain; Got It!

LONDON.—"Whenever he wants to annoy me he plays the cornet all night, and he generally spends his Sundays calling upon Heaven to send sufficient rain to drown the family," said a woman at the Willesden Police Court, seeking a separation from her husband.

"Now we know whom to thank for such a rainy July," said the magistrate in refusing the application.

The married man who talks in his sleep must lead a life of more or less uncertainty.

The marriage license clerk sees the optimism, but the divorce judge hears about the pessimism.

NEW AUTO FIRM

F. W. McCLELLAN BECOMES ASSOCIATED WITH MAX GREEN IN OAKLAND AGENCY

Max L. Green, of the Oakland agency, has found it advisable to interest a partner in the conduct of the business which has grown rapidly. The new member of the firm is F. W. McClellan, formerly of the Hawley King Co. of Los Angeles. Mr. McClellan comes into the business as a highly efficient automobile man. He is much taken up with Glendale and states that he is here to stay.

The married man who talks in his sleep must lead a life of more or less uncertainty.

HEADLIGHT PROBLEM

EFFORTS BEING MADE BY AUTO CLUB TO CURB ACCIDENTS DUE TO GLARE

Blinding headlights have figured so frequently lately in auto accidents that steps to curb their brilliancy are being taken wherever possible throughout the southern part of the state.

Officials of the Automobile Club of Southern California have received scores of complaints from members who, in trying to obey the state law on headlight glare have themselves suffered from others who make no attempt to follow the legal provisions.

A suggestion which comes from the northern part of the state is being followed at this time in some counties. This is that motorists traveling at night who note a car approaching, the headlights of which are blinding, inform the approaching driver that his lights are too bright by winking his own lights. It is up to the approaching car at this signal to dim the lights or automatically deflect them.

However, much more strenuous efforts are being made in some localities by the authorities to stop the number of accidents attributed to glaring headlights. These efforts include arrests for evasion of the law.

"Many deaths and innumerable serious injuries in auto accidents can be deliberately traced to the awful glare of headlights on the rural and urban highways," is the word received from the Automobile Club. "This is becoming appalling, and will have to stop."

"Courts and individual arms of the law are already taking steps to see that the practice of carrying glaring lights is curbed. Therefore this statement is issued from the club as a warning to automobile owners to either deflect and dim their lights or suffer the consequences, which in Southern California are going to be most severe."

J. W. Lovington and family are moving from 423 Oak street to Lomita, Calif.

Robert White and Paul Hutchinson went to Catalina this morning for a week's stay.

M. J. Brennan of 519 North Central avenue is entertaining a sister from Chicago this week.

Mrs. S. C. Packer and daughter Doris have returned from a several days' outing at Catalina.

A. P. Offut is rebuilding and enlarging his garage at 357 West Broadway at a cost of \$1000.

Mr. and Mrs. Z. L. Hesse of 409 East Harvard are moving this week to a new home on Dryden street.

C. W. Straight and family have moved from 410 West Cypress avenue to 1201 South San Fernando Road.

A. B. Lawrence of the Overland agency attended a district conference of Overland dealers at Los Angeles Friday.

P. H. Butler took out a permit yesterday for the erection of a 4-room residence at 1245 South Central avenue, to cost \$3000.

C. J. Peurung, who engaged in business in Burbank several weeks ago, has just moved his family to that city from 364 West California avenue.

Miss Katherine Sargeant, of 459 Milford street left last evening for Powers, Oregon, where she has accepted a position as teacher in the Powers High School.

A permit was taken out yesterday in the name of Zadelle Montier for the erection of a 4-room residence and a garage at 613 E. Lomita avenue, to cost \$2500.

Mrs. A. Billington of 127 West Chestnut street has sold her residence. She will build a two-story concrete house in the Hillhurst Park Tract on Los Feliz Road.

Mrs. Harry W. Chase and the children have returned home from an extended visit to Chicago relatives and the family is moving into the house at 347 West Lomita avenue.

A. R. Eastman, of the Los Angeles Trust & Savings Bank, Glendale branch, is moving out from Los Angeles, and will occupy the residence property at 709 North Louise.

Mrs. Mary A. Archer will move into her new home, now nearly completed, at 523 East Lomita avenue, next week. She will teach in the grammar schools this year.

Arthur Hudson of 419 East Harvard is moving his family to South Jackson street. As so often happens in Glendale, the house he was renting was sold and he was forced to move.

Mrs. Laura Sibley of 323 West Windsor Road reports the sale of three lots on the corner of West Maple and Columbus to Robert Sullivan of Glendale, who will build in the near future.

Mrs. E. E. Redfern of Los Angeles has moved into the house at 335 West Windsor Road, which she purchased a short time ago. She is the sister of Mrs. Laura Sibley of 323 West Windsor.

Miss Murne Dudley of Northwest Iowa was the guest of Mrs. Lillian Smits of 231 Milford street a couple of days this week. Miss Dudley expects to spend the winter in Southern California.

Mrs. Jack Wagnon, of 425 North Kenwood street is entertaining her uncle and aunt, Mr. and Mrs. Hendrick, of Amarillo, Texas. They expect to spend about two months touring Southern California.

Mr. and Mrs. Carl Kerher of 311 Milford street have gone to Cincinnati to spend several months with Mrs. Kerher's mother. Although Mr. Kerher has sold his home here he intends to return to Glendale after Christmas.

James Barksdale and wife, formerly of South Dakota, who have been touring the coast from Seattle to San Diego, were in Glendale yesterday, visiting relatives and looking at residence property with a view to buying and locating here.

Reincarnation and Karna, the main tenets of the Theosophical society, will have another meeting Sunday night at the Masonic Temple and the speaker, Eugene Munson, promises to answer questions from the audience.

Wm. Goss and family are at Balboa for a two weeks' outing. Mr. Goss, who is in charge of the escrow department of the First National Bank, has had very strenuous work the past few months, owing to the many sales of real estate and certainly needs a rest.

James H. Berry of 337 South Orange has been going about on crutches for several days on account of injury to one foot by a fall from a ladder while picking peaches. Mr. Berry is 83 years of age, but still makes a pretty good "hand" at jobs about the place.

Suppose you could say to your wife tonight: "Wife, I have been thinking of the H. C. L. and that if I should suddenly be taken away and you thereby be deprived of your regular allowance the income from our property would be much less than I would like for you to have, so I have put \$10,000 in the bank for you today with direction that, if anything should happen to me, at any time, you are to be full possessor of this money, to check it out in cash or to use as income."

Wouldn't that be fine? But she would say: "Where did you get this ten thousand dollars?" You would answer: "Well, I've gotten it, all right." And then you would tell her that friend had agreed to put \$10,000 in his bank for you—absolutely in your name, giving you a certificate of deposit and that you were to pay him a very small sum of interest each year—about 3 per cent—for 30 years (represented in the above "checker board,") with the understanding that if you should die at any time she was to be able to check out the full \$10,000 immediately, and the balance of unpaid installments of interest were to be cancelled! Just think—IF YOU SHOULD DIE THE FIRST YEAR THE 3 PER CENT WOULD BE ALL THAT YOU HAD PAID FOR THIS \$10,000! The gain would be over three thousand per cent! The second year it would have cost only 6 per cent total, and so on.

And then—best of all—when you live to the end of the 30 years this bank would say to you, "You haven't paid us anything but this little interest on this money that we have been holding for you all these years, but we want you to have it for yourself now, so we are going to close the contract by giving YOU the \$10,000 in cash for the comfort of your declining years!"

You now say to me: "Is such a thing possible?" IT IS EXACTLY AS STATED—yes, it is even better, because the interest rate would be reduced a little each year. Your natural conclusion now is, "A man is a FOOL who wouldn't accept such a proposal. Then, if you are not in that class let me do this for YOU." See me, phone me, write me—any way that suits you best.

Joe Hawkins and his son, Lieut. Walter, the aviator, are enjoying a week's hunting and fishing trip up in the mountains.

Miss Birdie Shropshire started at 9 o'clock this morning for Cincinnati, Ohio, where she was offered an important and lucrative position with the Pacific Mutual Life Insurance Company.

J. G. Huntley and wife of 221 W. Broadway arrived at home yesterday from a several weeks' campout under the big trees in Sequoia National Park. They made the trip by auto.

M. J. Nolan has sold his grocery store, in the Ollie Logan building, 1127 North Central avenue, to M. R. Sebastian, who already owns a grocery at 207 North Glendale avenue. He will keep both of them going. Mr. and Mrs. Nolan, who are living at 410 West Stocker, will take a long vacation from work, spending the winter in San Diego.

Mrs. Vera M. Roberts, daughter of Mr. and Mrs. W. S. Hammond, 118 South Jackson street, and little grand-daughter Florence, left for their home in Oakland this morning, after a delightful three weeks' visit with relatives and an outing at the beach and Catalina.

Mr. and Mrs. D. P. Clover of Aurora, Illinois, have purchased the property at 947 North Louise street from C. M. Cram. Their son, W. P. Clover, an employee of the First National Bank of Los Angeles, has bought the residence at 349 Patterson avenue, into which he and his family have already moved.

Dr. J. D. Camerer and wife of 311 West Garfield avenue are enjoying a visit from their son, Lieut.-Commander C. B. Camerer, Medical Corps, U. S. Navy, who, with his wife, drove up from San Diego yesterday afternoon to remain till Monday. Lieut. Camerer is in charge of the Naval Hospital at San Diego.

H. L. Musseter and wife of 314 West Doran street are visiting relatives and old friends in Iowa and other Eastern states, but their home is occupied during their absence by a son and his family, who recently came from Iowa to locate here. He expects to buy a home as soon as he can find a place to suit.

Mr. and Mrs. J. T. Smith of Brooklyn, New York, have been residents of Glendale at 338 West California avenue for several months. The Smiths will leave for their Eastern home today, going by way of San Francisco and Portland. It is their intention after disposing of their Brooklyn property to return to Glendale for their permanent place of residence.

We Can Add Life To Your Clothes

There are no indications that clothing prices are going to decrease in the immediate future which means that it behoves all of us to be interested in the conservation of our clothes. That is why you should be interested in our laundering methods.

Fibres of cotton, linen, wool and silk are all unlike and require different treatment. A washing method that will do for one will not do for another. We know how to meet this situation; we launder your clothing in a way to prolong the life of the garment as far as possible. If you would have your washing done the modern way telephone us.

THE AUTO THIEF

THE NUMBER OF MACHINES STOLEN IS INCREASING STEADILY

An increase in auto thefts, sweeping through the months of June, July and August to the present time, has led the theft bureau of the Automobile Club of Southern California to issue a warning to all motorists that the approaching season promises to be a busy one in theft circles.

Not only have more cars been stolen in Los Angeles, but other cities of the southern counties have suffered from increased losses in this line.

The low-water mark was reached in February, but since that time the number of machines stolen each month in Southern California has steadily increased, reports the Auto Club. Gangs of thieves annually make California their headquarters, and in order to successfully combat their activities the car owners themselves must take steps.

The most ordinary precautions are the safest, states the theft bureau. Lock your car at all times, even when it is left parked for a few moments. The first two minutes after an owner leaves his car are the most dangerous ones.

Captain of Police Butler of Los Angeles declared recently that there is a street accident every 38 minutes, day and night, in which an automobile is involved, in that city. There were 1689 such in August, more than 54 every 24 hours. According to statistics half of these result in injury to persons. Ten people were killed outright or fatally injured in auto accidents in the big city during the month just past.

According to club figures, more than \$1,250,000 in automobiles have been stolen in Southern California since January 1st of this year. Of course a large percentage of this figure has been recovered, but in the meantime the car owners have suffered loss and much damage to the machines which were stolen.

It is suggested that all motorists who are interested in protecting their property from theft call at any Automobile Club branch office and inquire as to the best manner for circumventing the auto thief. This information will be cheerfully given. Also, report without delay stolen cars.

Ford

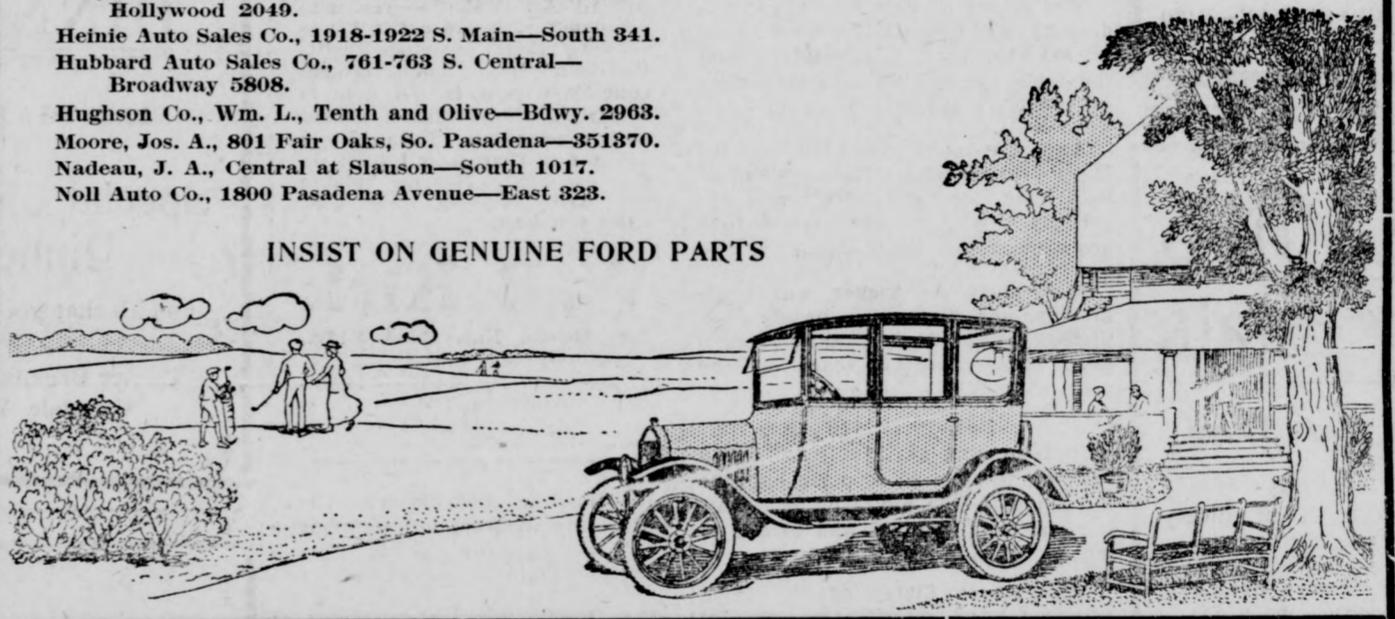

THE UNIVERSAL CAR

The Ford Sedan with electric starting and lighting system, demountable rims with 3½-inch tires and tire carrier, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered. Plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is ideal for social functions, the theatre, or parties; carrying the children to school, or for touring. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and yet with all it has the Ford merits of strength and durability. We solicit your order for one. Come in and see it. Leave your order with any of the dealers listed below:

INSIST ON GENUINE FORD PARTS

TRACTOR SCHOOL

PRACTICAL DEMONSTRATIONS GIVEN FORD DEALERS IN USE OF FORDSON

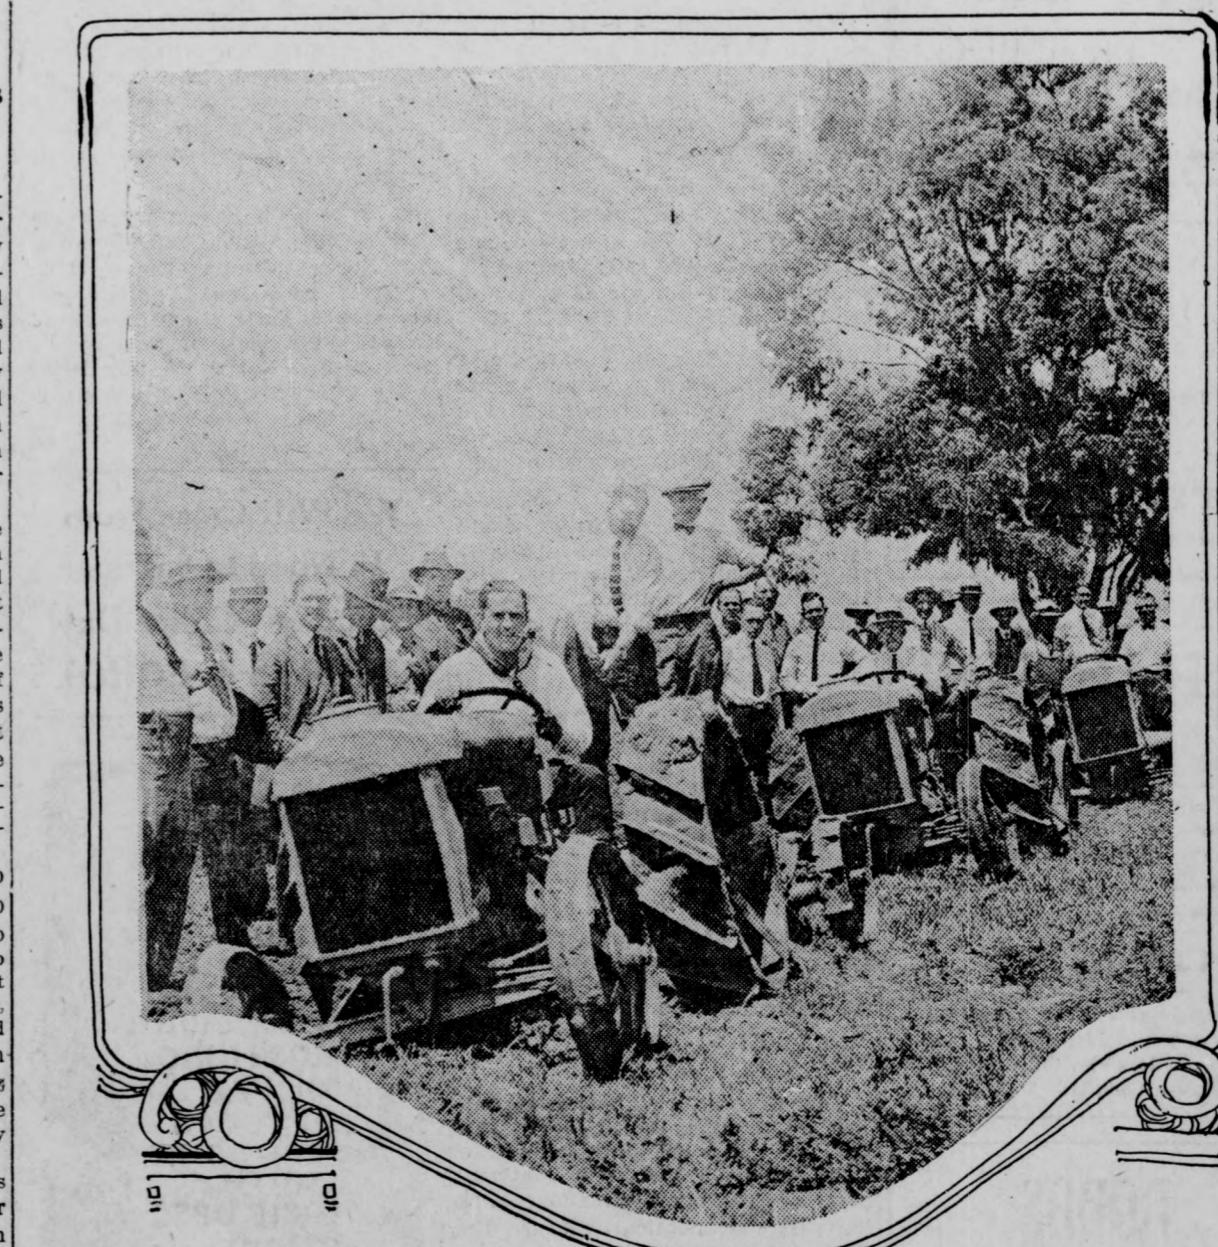

A tractor school and demonstration was held out near the Goodyear plant at Vernon several days ago by the Ford Motor Company for the instruction of Ford dealers in and around Los Angeles. So great was the enthusiasm and so many wanted to see the demonstration that many came from the outlying districts and even as far away as Arizona to learn how to correctly operate the Fordson tractor and to see to what particular uses it could be put.

Every Ford dealer was given the opportunity of driving a Fordson tractor and learning from practical experience and application what it could do in the way of plowing, harrowing and also what plows were best suited for different kinds of plowing and cultivation. In this manner the dealers were shown what equipment to advise prospective Fordson buyers to use in their particular work and give them the benefit of their knowledge gained in actual operation.

A Fordson tractor expert was also there to answer all questions and to teach each dealer separately how to best operate the tractor. He also gave demonstrations of how deep it could plow and all the bystanders, including many farmers, expressed their delight in seeing the Fordson turn furrows as deep as 16 inches and yet plow as smoothly, laying the bottom dirt on top as if it were only plowing six inches.

B. L. Graves, the Los Angeles Branch Manager of the Ford Motor Car Company, told what the Fordson tractor could do and is doing besides plowing and his list included: Pumping water, used as a truck to haul ten-ton loads over rough and boggy roads, cut the hay or silage and fill silos, to saw wood and equipped with rubber tires and used as an ordinary truck besides many other uses that were not expected of a tractor.

Which all goes to show that Henry

Ford, master automobile builder, has again triumphed, but this time in the tractor field. And it is predicted that before long his Fordson tractor will entirely do away with horse cultivation no matter how hilly the ground or how rocky the soil, because it can not only go anywhere

but makes the cheapest horse power that can be had.

TOKYO.—A party of government officials and legislators acted as the escort for the American Congressional party on its visit to Japan, just concluded.

One thing seems reasonably certain—Europe will not be able to settle up until it settles down.

The date for grafting bolshevism on the American body politic has been indefinitely postponed.

Oakland Owners Are Oakland Boosters

THE OAKLAND IS AN ECONOMICAL CAR TO OWN AND OPERATE--

Its appearance is that of a higher priced car and the fact that it stands up so well under hard every-day usage, together with its tire and gas mileage reduces the cost of operation and maintenance to the minimum.

THE OAKLAND IS A DOUBLE PURPOSE CAR--

Any woman may be proud to drive an Oakland in the performance of her social duties and at the same time the car is designed to meet the every-day wear of hard business use. It's a car built for every purpose and is efficient for all the year 'round use.

The closed car is growing in popularity. If you want a car at once, let us demonstrate the Oakland Sedan and tell you more about it.

NO DISHONEST POLITICAL ISSUE CAN WIN IN AMERICA

Nothing has been more refreshing in the preliminary political skirmishes of this summer than the defeat, wherever the issue has been joined, of those groups whose purpose is to take unto themselves what other men have earned.

The variegated Socialists, the syndicalist labor wing, the rowdy W. W. mob and the sour brained advocates of Bolshevism—what lot of threats they uttered toward their American opponents!

They were going to beat Henry Allen because he prevented the

lawless mining crowd in Kansas from freezing the people out in his state. But Allen was renominated by the majority that his fine courage deserved.

They were going to beat Senator Cummins of Iowa, one of the authors of the new railroad law, because he opposed the Plumb plan, that scheme which has not even the virtues of communism in that it would confiscate in favor of a group rather than a people. But Cummins has been renominated and probably will be re-elected, as his service merits.

They were going to see that Representative Thetus Sims of Tennessee went back to the house to continue his activities in behalf of the Plumb plan, of which he was the sponsor at the capitol. But the Democrats of the Eighth Tennessee district refused to renominate this hero of the crew that sees progress only in peculation. And in Ohio the only Republican representative defeated for renomination last week was the only Ohio Republican in the House who voted against the Esch-Cummins railroad bill.

In the defeats that are being handed out to the advocates of economic dishonesty nobody can read a partisan victory. When faced with issues like those we have mentioned men and women go to the polls not as Republicans or Democrats but as Americans, and vote against the manifest wrong.—New York Sun.

The time to find out all about a car is before you buy it. Then is the time to profit by the lessons of others. In providing for your future satisfaction be guided by what others have learned. Our knowledge of automobiles should be of use to you. It is entirely at your disposal—as a result of all that we have found out about the automobile business we chose to sell the Chevrolet.

Yours for service

NOTICE OF ELECTION

Notice is hereby given that a general municipal election will be held in the City of Glendale on Tuesday, the 28th day of September, 1920, for the following offices:

Fifteen Freeholders to prepare a Charter for the City of Glendale.

There will be eight voting precincts for the purpose of holding such election, consisting of a consolidation of the regular election precincts established for holding the last general election in state and county, as follows:

CONSOLIDATED ELECTION PRECINCT NO. 1, Comprising County Precincts Nos. 1, 2 and 10. Voting place: No. 611 North Central Avenue. (Garage.)

CONSOLIDATED ELECTION PRECINCT NO. 2, Comprising County Precincts Nos. 4, 5 and 7. Voting place: No. 115 West Harvard Street. (Garage.)

CONSOLIDATED ELECTION PRECINCT NO. 3, Comprising County Precincts Nos. 6, 13 and 14. Voting place: No. 300 South Brand Boulevard. (Garage.)

CONSOLIDATED ELECTION PRECINCT NO. 4, Comprising County Precincts Nos. 15 and 22. Voting place: No. 1321 East Colorado Street. (Garage.)

CONSOLIDATED ELECTION PRECINCT NO. 5, Comprising County Precincts Nos. 3, 8 and 9. Voting place: North side of Wilson Avenue, East of Orange Street.

CONSOLIDATED ELECTION PRECINCT NO. 6, Comprising County Precincts Nos. 11, 12 and 21. Voting place: No. 801 East Wilson Avenue.

CONSOLIDATED ELECTION PRECINCT NO. 7, Comprising County Precincts Nos. 16, 17 and 18. Voting place: No. 1021-A South Brand Boulevard.

CONSOLIDATED ELECTION PRECINCT NO. 8, Comprising County Precincts Nos. 19 and 20. Voting place: City Hall Building, Brand Boulevard and Los Feliz, Second Floor.

The polls will be open between the hours of 7 a. m. and 7 p. m.

J. C. SHERER,
City Clerk.
Glendale, Cal., Sept. 2, 1920.

3t2

specifications and explanations showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purposes of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale.

That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade.

That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense, repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

That if the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

That the grantee of said franchise, his, its or their successors or assigns, shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be furnished and sold at wholesale rates to said City of Glendale, or other person or company, above referred to, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distributing system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of said gas for domestic or manufacturing use, or for both such purposes.

That in event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said franchise, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the termini thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb lines in said street, and shall not be nearer than three feet to the macadamized portion of said road; and in the event that it is necessary to cross any portion of macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing,

the said grantee, its successors or assigns through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is hereby given that sealed bids in writing will be received at the office of the City Clerk of said City of Glendale for said franchise up to 8:30 o'clock in the afternoon of the 30th day of September, 1920.

That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, provided only, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith; and the successful bidder must deposit at least ten per cent of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received and will be considered as void and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by the said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with the said Board of Trustees a bond running to said City in the penal sum of One Thousand (\$1000) Dollars with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder will construct said pipe lines and shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited. The Board of Trustees reserve the right to grant similar franchise over said street to any other person or company.
